At noon on 3 October, a train with 6 150-209 and a truck was dispatched at the Raldensleben railroad station toward Magdeburg. At 2000 on 6 October, a train carrying 13 JSU-122s or JSU-209, and about 10 trucks left Hillersleben toward Magdeburg. At 2000 on 6 October, a train carrying 13 JSU-122s or JSU-209, and about 10 trucks left Hillersleben toward Magdeburg. The following observations were made at Newstrelitz post during the period from 30 September to 7 October: News Infanterie Kaerne (2221); The occupation increased after 27 September, sepecially of T-34 tanks, and remained unchanced after that time. Restricted Cerhart Hauntmann Stresse: Occupied by about 100 soldders with red-bordered black smulsta. No nocket launchers were seen. Trucks placed by about 200 soldders with red-bordered black smulsta. No nocket launchers were seen. Trucks a literature of the company of the seen of the truck were seen in the harmacks yard. Alto Grenadier Kaesne (2225); Occupied by about 200 soldders with red-bordered black speulets. Fart of the unit was presumally absent. Two 122-mm field howitzers and truck were seen in the harmacks yard. Restricted Schlossgarten area (2227); Occupied by about 200 soldders wearing red-bordered black epaulets. Truck entered the installation. 3 At 1630 on 7 October, a train with about 20 trucks passed through Newstrelitz railroad station toward Newbrandenburg. Comment. It is believed that, in the main, tank units of the division were retransferred fron their summer camps to the vinter quarters between 23 and 27 September. Another source observed that wheeled cleamints of the division rassed through from Letzling Heath These 7 shirments between 23 and 27 September are probably identical with these previously reported by another source which, however, erroneously reneared than he have gone in the direction of Letzling Heath. Comment. Comment. Comment. It appears that artillery units of the 9th ids Tank Div vers estill absent from the post for exercises in early October. It appears that artillery units of the 9th Gds Tank Div were still absent from the post for exercises in early October. In late September, artillery units of the division either conducted SECRET		
by another source which, however, erroneously reported them to have gone in the direction of Letzling Heath. Comment. the two trains probably carried units of the 136th Gds Hv Tank SP Regt of the Third Shock Army. It is assumed that these elements transferred to Burg post after participation in the final exercises of the Third Shock Army. Comment. It appears that artillery units of the 9th Gds Tank Div were still absent from the post for exercises in early October. In late September, artillery units of the division either conducted SECRET	and 27 September are probably identical with those previously reported
